Attached are drafts covering the ORR First Priorities discussed yesterday. They have been prepared hastily. Any comments on form, content or language will be most welcome. Please call me (515) or [REDACTED] (521). I leave for the DD/I meeting with [REDACTED] at 10:20 A.M. If it turns out to be impossible to forward comments before then, I will follow the general lines of these priority items and advise him that corrections or modifications may follow shortly. Thanks much for your help.
